What happens if I suffer complications?

6. 7. Your fixed price includes the cost of treating, at a hospital, any clinical complications identified by your consultant as arising directly out of the treatment you received as part of your treatment, provided that you have followed the advice of your consultants and any other medical professionals involved in your care

8. Where we are unable to treat your clinical complications you agree that appropriate follow-up care may be provided by your GP or the NHS.
